

## WMT-ALU-RIB AR400 / AR430

Our new AR400 and AR430 models combine the advantages of an inflatable with the advantages of the Aluminium-hull.

The very lightweight Aluminium-hull and the durability of the Hypalon-tubes gives us a very good boat for mobile use.

Techn. Data:	AR400	AR430
length:	3,92 m	4,30 m
width:	1,95 m	2,05 m
weight:	92kg	110kg
max. engine:	30PS	50PS
chambers:	4	4
max. pers.	6	8

For propulsion we recommend a 20 hp or 30 hp Honda 4-stroke with tiller-handle and GAS-TILT for a very easy tilt handling and an infinitely variable tilt-fixing.

The WMT-ALU-RIB's-400/430 are very stable and give you a deep inside space in the bow section for a comfortable working in the bow-area.

The undersides of the tubes are additionally reinforced to protect the tubes in case of landing on the beach.

Each chamber is provided with an overpressure-valve.
